Our Mission

Sunbeam House Services provides a range of supports to adults with intellectual disabilities. We aim to empower people with the necessary skills to live full and satisfying lives as equal citizens of their local communities.
How to apply to Sunbeam House for a Service
Sunbeam House provides supports and services for people over 18 years of age with an intellectual disability.

An application can be made by you or for you:
- Through your school
- through the HSE (Brian Miller or Rossa O’Briain)

This application form lets us know what services and supports you are applying for:
- Day Training
- Rehabilitive Training (RT)
- Residential Supports
- Respite
- Supported Employment

We may ask for reports such as a School Report, Psychological Report or Medical Report. These reports help us to design a service for you and to put the supports in place that you may need.

You will be invited to visit the service, to have a look around and meet some of the other service users and staff.

The application process from start to finish can take a few months. We need to make sure that the service will meet your needs, we need to have a vacancy and we need to get funding from the HSE. Once all of these things are in place, we may be able to offer you a place.

How to apply for Respite:

Once the respite location manager makes contact with the individual and carer, then they will discuss the procedure with them.

Respite depends on availability so it is important to book it as far in advance as possible.
