Family Peer Support Network Friday 29th May 2026

Guest Speaker: Thomas Redmond, Housing Development Manager

There was a good attendance with eleven Parents and Family members .

Thomas Redmond attended the meeting and gave a comprehensive overview of the housing application process. He explained how SHS are engaged with the local authority and county councils to support the housing needs of adult service users of SHS.

Thomas was generous with his time answering family members questions and assisting them with their individual queries and offering ongoing support. The session was very informative and valuable.

Thomas offered to attend the next meeting and to invite a representative from the local authority. He emphasised the need to check the housing list applications every July to ensure that the housing application stays valid.

The next meeting will be on Friday 4th September 2026 at 11 a.m. (tea and coffee from 10.30 a.m.).
